- The minimum number of retakes is based on the assumption that students are on the regular track in which they will take Algebra I in 9<sup>th</sup> grade, Geometry and Biology in 10<sup>th</sup> grade and U. S. History in 11<sup>th</sup> grade, therefore this chart does not reflect all retake opportunities for **accelerated/ACCEL students**.
- The **initial** administration of the EOC is not included in the chart as the focus of this document centers on **retake** opportunities.
